Her mission: *Turning impossible into possible*

On behalf of the Nevada Homeless Alliance, I am honored to welcome you to the **2025 Nevada Statewide Conference on Addressing Homelessness: Mission ImPossible: Policy, Practice, Partnerships!!**

Over the next two days, you'll be part of a mission that requires strategy, collaboration, and bold action. Like any successful operation, our work depends on intelligence gathered from the field, allies committed to the cause, and the courage to take risks in pursuit of lasting solutions. This year's theme reflects our belief that ending homelessness is not a mission destined to fail it is achievable when we unite with determination and purpose. The driving force behind this conference has always been Policy, Practice, and Partnership. Policy lays out the mission plan, Practice carries it out in the field, and Partnership ensures no one faces homelessness alone on this operation.

Your assignment here is simple but critical: connect, share, and act. Every voice in this room strengthens our collective effort, and every idea exchanged brings us closer to a Nevada where safe, stable housing is within reach for all.

Thank you for accepting this mission. Together, we will prove that what once seemed impossible is, in fact, Mission Possible.
